The Trustees' Case. The Court is still engaged with the trial of Thorn, Trimler, and Webb for the outrage committed on Miss Hirsberger at Martinsville. The evidence this morning referred to the clothing the young lady wore on the occasion, and is unfit for publication.

FINANCIAL. NEW 730 GOLD LOAN OF THE NORTHERN PACIFIC RAILROAD CO., SECURED BY FIRST MORTGAGE ON RAILROAD AND LAND GRANT.

SAFE! PROFITABLE! PERMANENT! We offer for sale at par and accrued interest the First Mortgage Land Grant Gold Bonds of the Northern Pacific Railroad Company. They are free from United States tax, and are issued of the following denominations: \$100, \$50, \$20, and \$10.00.

With the same entire confidence which Jay Cooke & Co. commended Government bonds to Capitalists and People, they now, after the latest investigation, recommend these Northern Pacific Railroad Seven-Tenths to their friends and the general public.

GOOD PAYMENT.—Both principal and interest are payable in gold—the principal at the end of 30 years, and the interest (at the rate of Seven and Three-Tenths per cent. per annum) half-yearly, first of January and July.

PERFECT SAFETY.—The bonds we are now selling are secured by a first and only mortgage on all the property and rights of the Northern Pacific Railroad Company, which will embrace on the completion of the work:—

1. Over two thousand miles of road, with rolling stock, buildings, and all other equipments.

2. Over twenty-two thousand acres of land to every mile of finished road. This land, agricultural, timbered, and mineral, amounting in all to more than fifty million acres, consists of alternate sections, reaching twenty to forty miles on each side of the track, and extending in a broad fertile belt from Wisconsin through the richest portions of Minnesota, Dakota, Montana, Idaho, Oregon, and Washington to Puget Sound.

While the Government does not directly guarantee the bonds of the road, it thus amply provides for their full and prompt payment by an unreserved grant of land, the most valuable ever conferred upon a great national improvement.

THE MORTGAGE.—The Trustees under the Mortgage are Messrs. Jay Cooke, of Philadelphia, and Edgar Thomson, President of the Pennsylvania Central Railroad Company.

PROFITABLENESS.—United States 5-20s at their average premium yield the present purchase less than 5 1/2 per cent. gold interest. Should they be redeemed in five years, and specie payments be resumed, they would really pay only 4 1/2 per cent. or if in three years, only 3 1/2 per cent. as the present premium would be available to them.

\$100 currency invested now in United States 5-20s will yield per year in gold, say \$2. \$100 currency invested now in Northern Pacific 7-30s will yield per year in gold, \$3.80. Here is a difference in annual income of nearly one-third, besides a difference of 7 to 10 per cent. in principal, when both classes of bonds are redeemed.

RECEIVABLE FOR LANDS.—These bonds will be at all times receivable at 1-10, in payment for the Company's lands, at their lowest cash price.

FINANCIAL. OFFICE OF DE HAVEN & BRO., No. 40 SOUTH THIRD STREET, PHILADELPHIA.

The Chesapeake and Ohio Railroad, A NEW TRUNK LINE FROM THE SEABOARD TO THE WEST.

Is already completed and in operation from Richmond to the celebrated White Sulphur Springs, 227 miles, and there remain but 200 miles now under construction, to complete it to the Western terminus on the Ohio river, 315 miles below Pittsburg, at the head of the great and continuous navigation.

The completed portion of the road is doing a GOOD LOCAL BUSINESS, which will be enormously increased as it progresses and opens the immense mineral riches of Virginia and West Virginia, whose coal and iron are celebrated for their quality and abundance, and would alone enrich the means of communication which afford them access to the markets East and West.

The advantages of the Chesapeake and Ohio Railroad AS A GREAT EAST AND WEST THROUGH LINK for the transportation of the heavy freights (which constitute the principal part of the East and West through traffic) are numerous and important.

1. A SHORT ROUTE between the Atlantic Coast and the great West, through the mountains.

2. A GENERAL CLIMATE, which admits of safe, economical, and rapid railroad operation throughout the year.

3. EAST AND WEST TERMINI, at favorable points on the water and the Ohio river, and a VERY LARGE THROUGH AND LOCAL TRAFFIC, awaiting its progress.

4. A COMPLETELY LIGHT CAPITAL AND DEBT, and consequently a light tax upon traffic for payment of interest and dividends.

All these conditions favor a cheap and economical working of the line, which will enable the Chesapeake and Ohio route to do a profitable East and West through business at rates which would not pay by the more difficult and costly lines, and to control an enormous Southern Through Trade.

We are now authorized to sell an additional amount of FIRST MORTGAGE SIX PER CENT. GOLD BONDS of the company, at the original price of 100 and accrued interest.

The bonds are secured by a mortgage upon the entire road, franchises and property of the company, WHICH NOW, IN COMPLETED ROAD AND WORK DONE, EXCEEDS THE ENTIRE AMOUNT OF THE MORTGAGE, and which, when completed, will be worth at least \$30,000,000.

A Southern Bond of \$100,000 per annum is provided for their redemption.

They are issued as Coupons or Registered Bonds, and in denominations of \$100, \$500, and \$1000.

Interest payable May and November, in the city of New York.

The superior advantages, valuable property and franchises, and able and honorable management of the Chesapeake and Ohio Railroad Company, render it one of the most substantial, reliable, and trustworthy corporations in the country, and command its securities to the unhesitating confidence of capitalists and investors.

Pamphlets, maps, and full particulars furnished upon application.

No. 36 South THIRD Street, PHILADELPHIA.

SPECIAL NOTICE TO INVESTORS. A Choice Security. We are now able to supply a limited amount of the Catawissa Railroad Company's 7 PER CENT. CONVERTIBLE MORTGAGE BONDS, FREE OF STATE AND UNITED STATES TAX.

They are issued for the sole purpose of building the extension from MILTON TO WILLIAMS FORT, a distance of 30 miles, and are secured by a lien on the entire road of nearly 100 miles, fully equipped and doing a flourishing business.

When it is considered that the entire indebtedness of the company will be less than \$16,000 per mile, it will be seen at once what an unusual amount of security is attached to these bonds, and they therefore most commend themselves to the most prudent investors. An additional advantage is that they can be converted, at the option of the holder, after 15 years, into the Preferred Stock, at par.

They are registered Coupon Bonds (a great safeguard), issued in sums of \$500 and \$1000. Interest payable February and August.

Price 9 1/2 and accrued interest, leaving a good margin for advance.
